## **E-WASTE MANAGEMENT**

### **Introduction:**

E-waste is a popular, informal name for electronic products nearing the end of their "useful life." Mobile Phones, Smart Phones, Feature phone, I Phones, Laptop, Desktop, Thin Clients, Air Conditioners, Televisions, Refrigerators, Washing Machines, VCDs, stereos, copiers, and fax machines are common electronic products. Many of these products can be reused, refurbished, or recycled.

E-waste has been one of the fastest growing waste streams in the world. While e-waste contains valuable materials such as aluminum, copper, gold, palladium and silver, it also contains harmful substances like cadmium, lead and mercury. In the absence of proper awareness, disposing e-waste in landfill can result in toxic emissions to the air, water and soil and pose a serious health and environmental hazards.

**Under the guidelines of the Ministry of Environment, Forest and Climate Change, Government of India, E-Waste (Management) Rules, 2016 and SKILWORTH TECHNOLOGIES PRIVATE LIMITED stands committed to implement E-Waste Rules.**

We, **SKILWORTH TECHNOLOGIES PRIVATE LIMITED** understand there is a need to encourage recycling of all useful and valuable material from e-waste so as to conserve the ever-depleting natural resources. Recycling end-of-life discarded products is vital if we are to save resources and minimize landfill **SKILWORTH TECHNOLOGIES PRIVATE LIMITED** understands its responsibility and in this regards we have tied-up with one of the leading and authorised e-waste recyclers namely **EARTH SENSE RECYCLE PVT. LTD** for facilitating our customers to enable them to dispose of e-waste products after its end-of-life.

**EARTH SENSE RECYCLE PVT.LTD** one of the renowned recyclers is pioneer of recycling the e-waste in the most organized manner in India. Authorized by CPCB and SPCB and are committed towards Environmental Social & Corporate Governance. They have expertise in assisting Producers in fulfilling their compliances related to EPR and E-waste Management.

### **Recycling of E-waste:**

The company has tied -up with the **M/S EARTH SENSE RECYCLE PVT.LTD**. For collection of all our E-waste on PAN India and disposes the same at their plant at **43/1, Besant Avenue Road, Adyar, Chennai, Tamilnadu-600020**. Customer can reach or call on Toll Free No **1800 4200 235**. Our representatives explain them about process of disposal and make them aware about nearest drop point available to drop the e- waste also give information about incentive we will offer to them against their end-of-life product. If any customer wants to handover the material from their doorsteps, we do send either our logistics team or **M/S EARTH SENSE RECYCLE PVT.LTD** team to collect the items and channelize the same to our e-waste partner plant for final processing.

### **Benefit of recycling of E-waste:**

- E-waste contains many valuable, recoverable materials such as aluminum, copper, gold, silver, plastics, and ferrous metals. In order to conserve natural resources and the energy needed to produce new electronic equipment from virgin resources, electronic equipment can be refurbished, reused, and recycled instead of being land filled.
  - E-waste also contains toxic and hazardous materials including mercury, lead, cadmium, beryllium, chromium, and chemical flame retardants, which have the potential to leach into our soil and water.
  - Protects your surroundings- Safe recycling of outdated electronics promotes sound management of toxic chemicals such as lead and mercury.
  - Conserves natural resources- Recycling recovers valuable materials from old electronics that can be used to make new products. As a result, we save energy, reduce pollution, reduce greenhouse gas emissions, and save resources by extracting fewer raw materials from the earth.
- Helps others - Donating your used electronics benefits your community by passing on ready-to-use or refurbished equipment to those who need it.
- Saves landfill space - E-waste is a growing waste stream. By recycling these items, landfill space is conserved.

### **Dos & Don'ts**

#### **Do's:**

- Always look for information on the catalogue with your product for end-of-life equipment handling.
- Ensure that only Authorized Recyclers repair and handle your electronic products.
- Always call our E-waste Authorized Collection Centres/points to dispose products that have reached end-of life.
- Always drop your used electronic products, batteries or any accessories when they reach the end of their life at your nearest Authorized E-Waste Collection Centres/Points.
- Always disconnect the battery from product and ensure any glass surface is protected against breakage.

#### **Don'ts:**

- Do not dismantle your electronic Products on your own
- Do not throw electronics in bins having "Do not Dispose" sign.
- Do not give e-waste to informal (Kabaddi) and unorganized sectors like Local Scrap Dealer/ Rag Pickers.
- Do not dispose your product in garbage bins along with municipal waste that ultimately reaches landfills.

## **E-WASTE RECYCLING & COLLECTION MECHANISM FOR CONSUMER**

As per the E-waste Regulation under E-waste (Management) Rule, 2016 and **SKILWORTH TECHNOLOGIES PRIVATE LIMITED** being a good corporate citizen understands the responsibility towards environment and thus following the mechanism for collection of e-waste and channelizing it for safe recycling:

### **How end consumer can reach us?**

If any of the End consumer willing to dispose or recycle their end of life product /e-waste can call or reach us at our Recycling Partner toll free number, **EARTH SENSE RECYCLE PVT.LTD** representative would explain our customers about process of disposal and make them aware about nearest drop point available to drop the e-waste or we send our logistic team to pick the e-waste from the doorstep of customer and channelize the same to our E-waste partner **43/1, Besant Avenue Road, Adyar, Chennai, Tamilnadu-600020** for final processing.

## **E-Waste Rules**

### **Earth Sense Recycle Pvt. Ltd.**

**Earth Sense Recycle Pvt. Ltd.** facility in Bengaluru ensures the compliant and responsible reuse and recycling of IT assets for organizations throughout India. Our pan-India logistics network provides complete protection for assets during transit to our secure processing facility, which operates to **An ISO 9001, ISO 14001 and ISO 45001 and R2V3 certified company**. We provide a secure chain of custody for IT assets and data center equipment during the data destruction, reuse and recycling processes. Complete reporting and certificates of data destruction and responsible recycling demonstrate that our clients meet their compliance requirements.

Earth Sense Recycle Pvt., Ltd., is an authorized E-waste Management and Handling Service provider in India. According to E-waste Management and Handling Rules 2016, the E-waste is defined as electrical and electronic equipment, whole or in part, discarded as waste by the consumer or bulk consumer, as well as rejects from manufacturing, refurbishment and repair processes.

Advancement in technology has resulted in piling up of electrical and electronic devices at a dizzying speed. E-waste possesses hazardous substances which can harm both public health and environment as well.

We at Earth Sense Recycle Pvt., Ltd., have set up our Recycling facilities across India with best available technology in the country.

When the polluter pays for environmental protection, it is then known as Extended Producer Responsibilities (EPR) under the Environment Protection Act 1986. Central and State Governments can enact legislations to safeguard the environment and people from exposure to toxic and hazardous nature of E-waste.

We at Earth sense, by our sensible recycling technology, recycle and extract valuable metals, plastics, glass, precious metals, etc. from E-waste. This contributes to a great extent of India's circular economy as well.

# E-Waste

---

Not every **e-waste** needs to be destructed either. Study shows that 63% of e-garbage's can safely be recycled and this way we can not only show our care to the environment but also can save significant amount of our budget.

However, the same study shows that only 17% electronic recycling is done, with the situation being much worse in 3rd world countries including India. TRIPL is determined to change this scenario. Our easy and inexpensive plans will help you get rid of all those machines, stacked up in your home or office.

## Toner Cartridge Recycling

Printer cartridge or toner is something which comprises almost 12% of total e-waste produced in the whole world. This is much bigger than any other component. This is why TRIPL places special importance on **toner cartridge recycling**. Our dedicated division on toner cartridge allows you to save significant amount. Toner cartridges refilling can easily be done and thus not only we totally recycle and save up to 70% of your costs but it comes with no harm to the environment.

## Data

Finally, **Earth Sense Recycle Pvt. Ltd.** has the most sophisticated infrastructure for data destruction. Whether you want to safeguard your personal information before selling the hard disk or want to clean your PC of anything malicious, we can help you with it. Our data destruction is thoroughly certified which means we guarantee you privacy. After we destruct your data, it is completely gone, irreversibly deleted. No trace of the data can ever be found on the storage medium.

**Awareness Programs of Recycler Earth Sense Recycle Pvt. Ltd.**

### **Take Back Scheme /collection Scheme**

Once any end consumer will contact us at our Toll-free no. for handover the end of life product /e-waste for proper disposal, **EARTH SENSE RECYCLE PVT.LTD** representative will get information to end customer about any incentive or exchange offer that may be an offer, at that time, against their end of life product and encourage customers/end users to deposit any of their old absolute products (spare parts) and their accessories (irrespective of brand) and also propose to exchange the same with a promotional voucher or any other lucrative offers depending upon the remaining Life of the Product.

### **Reverse Logistic Support**

For reverse logistic **EARTH SENSE RECYCLE PVT.LTD** (other part: **WHEREAS DELIVERY ON TIME Logistics Private Limited** company has signed an agreement with **SKILWORTH TECHNOLOGIES PRIVATE LIMITED** for the collection of end-of-life product/ e-waste. If any end consumer wishes to handover the end-of-life product/ e-waste from their doorstep, we send our Recycling Partner **EARTH SENSE RECYCLE PVT. LTD.** to collect the end-of-life product/ e-waste and channelize the same at Recycling partner **43/1, Besant Avenue Road, Adyar, Chennai, Tamilnadu-600020**

---

We will run e-waste exchange program where we will create mechanism to our end user to deposit any of their electronic products, we exchange the same by giving some discount.

## **COUPONS**

We can also offer coupons for our old customers, and they can take benefit of the coupons. This can be discount on specific amount or can be a gift to the customers.

## **NEW PRODUCTS**

After sales, we will regularly offer our customer about the new products availability and offer our customer to exchange their old products.

## **WHAT SHOULD I DO WITH MY ELECTRONIC DISCARDS?**

The mantra of "Reduce, Reuse, Recycle" applies here.

- Reduce your generation of e-waste through smart handling and good maintenance.
- Reuse still functioning electronic equipment by donating to us.
- Recycle those products that cannot be repaired. Customer may handover their end-of-life products to our nearest drop points for proper Recycling.

We look forward to your support in ensuring safe and efficient disposal of e-waste which is a shared responsibility between our valued consumers and us. We value your co-operation.

To know more about safe and secure recycling and proper disposal of end-of-life electrical and Electronic Products Customer can contact at our toll-free number at:
